

RADIANT

ARCHITECTURAL LIGHTING

Radiant Architectural Lighting provides innovative lighting for projects around the world.

For more information about the lighting systems used on this project, or any other solutions from our extensive range, please contact our team by telephone on + 44 (0) 20 8348 9003 or by Email at david@radiantlights.co.uk and we will be happy to discuss your project or arrange a meeting.

WestQuay Watermark, UK

WestQuay Watermark, UK
Lighting design by George Sexton Associates

The Radiant 3D LED Flex 40 System IP20 with 2 x high power LEDs with lenses per module provides indirect lighting, following the curved ceiling details of the Westquay Watermark mall. The 3-dimensionally flexible, hand-bendable system with high-power Cree XPE LEDs and elliptical Ledil lenses provides a graze of light down the hanging chain curtains. The system can be run at up to 50 Watts per Mtr providing 5,500 lumens per mtr. Anti-glare snoots with single louvre blades ensure excellent visual comfort.

3D LED Flex 40 IP20
2 x high power LEDs with lenses and 2-blade anti-glare louvre per module
Modular, 3D Flexible, interior, LED linear lighting system
Up to 5,500 Lumens per Mtr.
